

Anti Social Behaviour at The Windmill.

The images below were taken this morning (17.12.2018) at parking area opposite The Windmill.

We are having increasing problems with certain groups of people congregating at this site in the early evenings and simply discarding their rubbish and other items around the area.

In addition, vehicles have been driven over the grass causing damage.

Should you have any information as to whom is responsible or witness any anti-social behaviour please call 101.

Two suspect vehicles and their occupants have already been identified and reported to Wiltshire Police.

This is our local beauty spot – lets not let the mindless actions of a minority ruin it so any suspicious activity please report it immediately by calling 101

Alternatively, you can do so anonymously via Crimestoppers online or 0800 555 111.
